**Subject:** Re: Fw: Final SAP for Dimock

Fred and Elaine,

Again, I don't think it is worth a QA review if it will take 30 days for completion. This is a revised plan and sampling for final set of wells is this week.

Cindy

Cindy,

Please expect about 30 days from today for completion of the review and submission of comments for this document. If you have any questions, feel free to contact Fred Foreman, Chief, OASQA's Technical Services Branch.

Thank you for your patience and cooperation in submitting this document for review.

Elaine Stiles

Cindy -

See SAP (Rev01). This is the latest. Again - it has not yet been approved.

- Kelley

Rupert,

Attached is the SAP (Rev01). Comments provided from Ft. Meade have been addressed in this SAP. Please let me know if you approve of this SAP, or if there are any additional changes which need to be made. Additionally, please let me know if you need a SAP (Rev02) to cover next week's sampling.

Thanks,

Suddha Graves

I would like Rupert and Kelley to weigh in on that question. For now, get me what you have been using. (if you can get the Ft. Meade comments addressed, that's fine.) I need something today....that represents our current plan.

thanks

I had forwarded it to our chemist/lab coordinator to address the comments from Ft. Meade. I just checked with him and we should be able to get you the revised plan today. Also in regards to the proposed analytical changes for the March sampling...do you want another revised SAP to reflect the changes?

Thanks,

Suddha Graves

Suddha,

I have been asked to post the final SAP on the EPA web page. I am not absolutely certain that I have the latest. So. could you send me a PDF of the latest?

thanks.

Rich
